Re: 3359 Ruckle Street (old Beth El Temple)

You asked for a proposal for outside groundskeeping services at 3359 Ruckle and the 3357 Ruckle driveway and parking lot.

For an initial clean-up including removal of the wooded weeds in the alley we would charge \$300 and then we would mow and trim the lot, every 10 to 14 days for \$50 a month. As we approach the end of the growing season, we could do some hedge-trimming and other close-out weeding and groundskeeping services for a \$150. I would recommend either the initial clean-up or close-out include the laying of fresh mulch, which we would spread at no added cost except for the cost of the mulch itself.

I hope this helps.
