Dear Board of Directors,

During the August 4, 2013 board meeting of the Indiana Jewish Historical Society, I presented your project and that of the Mapleton Fall Creek CDC. The board discussed the information from the website along with your efforts to get the building named a National Landmark. We are happy to be included in this effort to encourage and promote the preservation of this important Jewish historical building.

Thank you for reaching out to the IJHS and for your efforts to preserve this property.

Sheila Greenwald  
President  
Indiana Jewish Historical Society
