Mr. Isaiah Kuperstein

Dear Isaiah,

Thanks for your informative presentation at our last Board of Directors meeting (October 8, 2013) concerning the stabilization and restoration of the old Beth-El Temple at 34th and Ruckle Streets. This is a meaningful and exciting development for our community and city. I'm pleased to cite the resolution approved unanimously by our Board of Directors that you may share with all concerned parties:

The Beth-El Zedeck Board of Directors endorses the efforts undertaken by Indiana Landmarks, Mapleton Fall Creek Development Corporation and the Temple Heritage Center to preserve and stabilize the old Beth-El Temple at 34th and Ruckle Streets as an Indiana landmark and functional community facility. We look favorably upon this unique opportunity for this historical site to become an asset for interfaith and cultural engagement in a reenergized neighborhood that serves the vitality of our religiously and ethnically diverse city.

We look forward to your keeping us informed about the progress of this project and letting us know of ways in which we can be of assistance and engage the community.

With best regards,

Ellen Gabovitch
President, Beth-El Zedeck
